Mercedes Benz original software XENTRY use detailed explanation

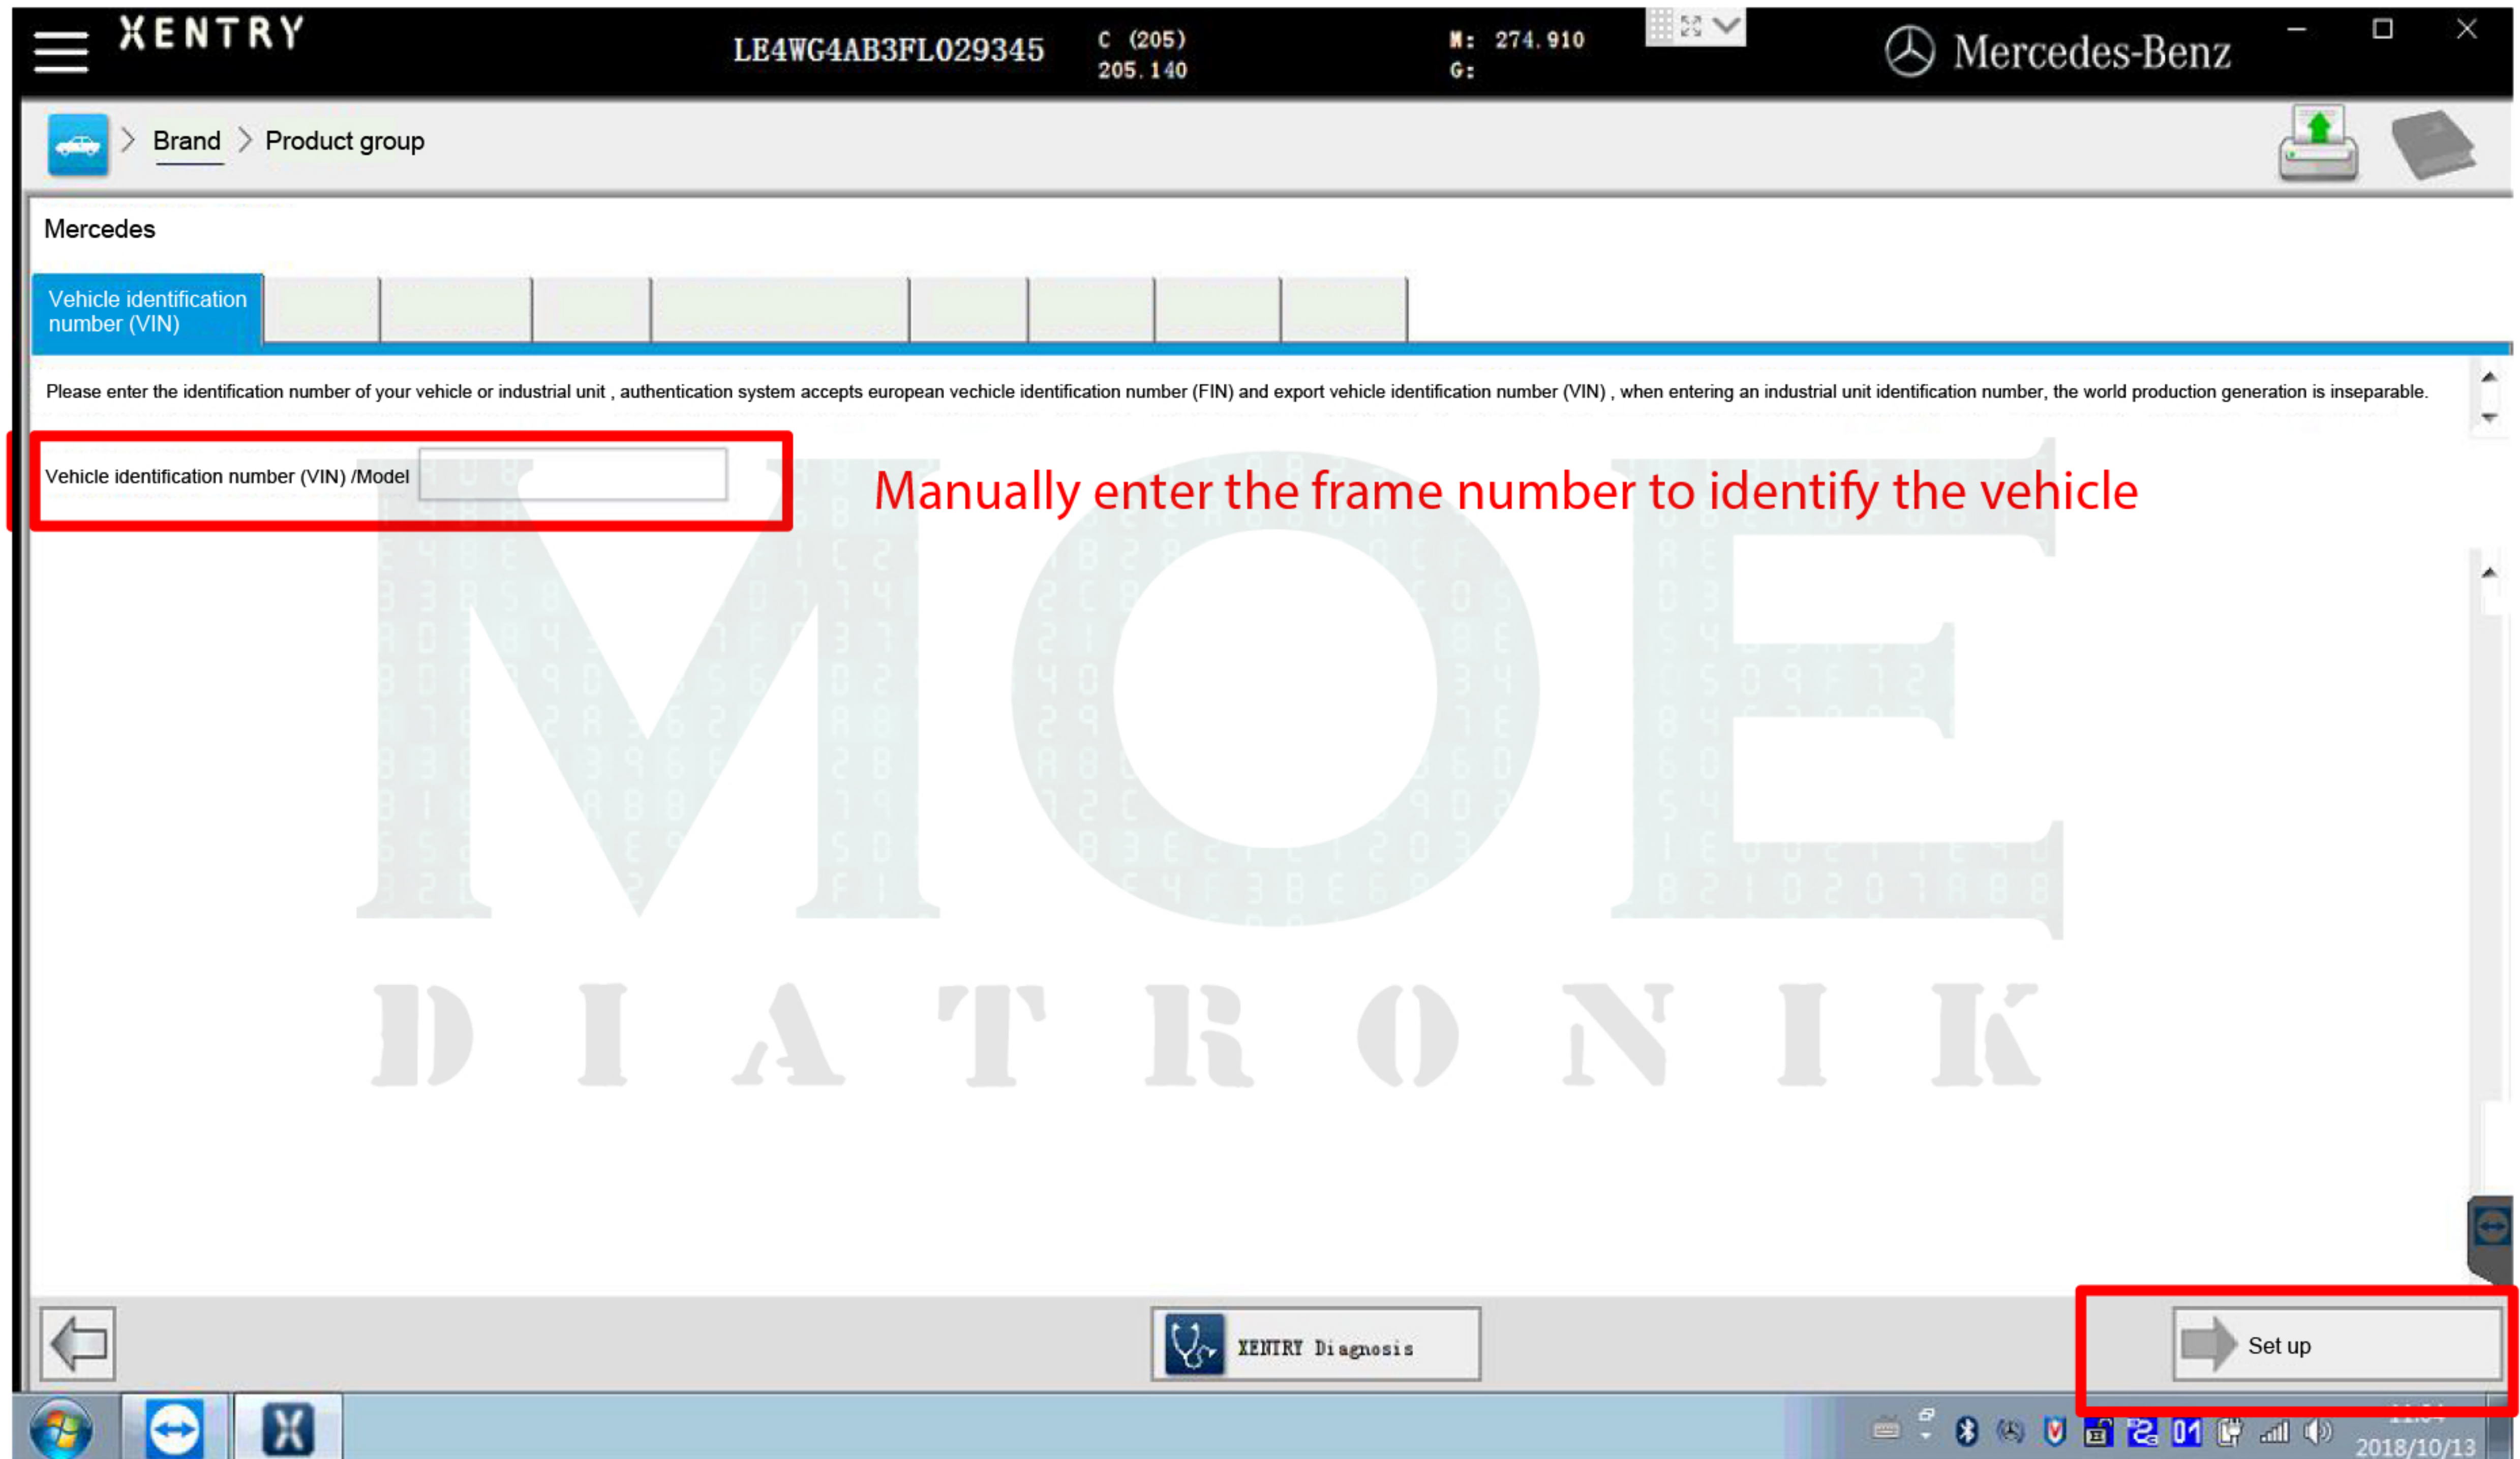

Mercedes Benz original software XENTRY use detailed explanation

The screenshot shows the XENTRY software interface. On the left is a sidebar menu with the following items: Vehicle determination, XENTRY VeDoc, XENTRY Diagnosis, XENTRY TIPS, WIS/ASRA, EPC, System settings, Print, Help, and Logout. The main area displays a grid of vehicle brand logos including smart, MAYBACH, FOTONDAIMLER, BAIC MOTOR, FUSO, and SETRA. At the top, there is a header bar with the XENTRY logo, a vehicle identification number (LE4WG4AB3FL029345), and other technical data. Red arrows point from the sidebar menu items to their corresponding functions in the main area, which are explained in a list on the right.

- ← Model selection area
- ← Vehicle data card
- ← Confirm that the detailed model enters the diagnosis
- ← Online account login for online programming
- ← Online WIS prerequisites need to log in to an online account
- ← Online EPC requires online login
- ← System settings
- ← print
- ← Software use help
- ← Safely quit the software and log out of the online account
