2 Product Parameters

Structure	
Dimensions	97x62x12.5mm
Packing Dimensions	136x78.5x17.5mm
Material	ABS environmental protection material
Input Interface	USB Type-C
Hardware	
Core Chip	32bit ARM Cortex-M4 core
Battery Capacity (with battery version)	3.7V, 450mAh
Bluetooth	Single-mode BLE 5.0
Wireless Frequency Band	2.4GHz/134.2kHz/125kHz
Physical Parameters	
Input Voltage	5V 500mA
RF Transceiver	High sensitivity (-94dBm@BLE)
Transmitter Power	Up to +7.5dBm
Working Temperature	-10°C~50° C
Storage Temperature	-20°C~70° C

3 Operating Instructions

● App Download

· Scan the QR code on the right to download and install the EoneBoss APP.

● Connecting HK002

· Press and hold the Power Button for 3 seconds to turn on the device. Ensure your phone's Bluetooth is enabled.

· Open the EoneBoss App and navigate to the corresponding function interface. Follow the on-screen instructions to complete the setup.

4 Product Functions

● Hyundai / Kia 8A Smart Key One-Click Unlocking

Delivers highly efficient processing for Hyundai and Kia 8A smart keys. Featuring a non-destructive design that requires no shell opening and no soldering/wiring, it accurately identifies the key's lock status, chip type, chip ID, part number, and key data with just one click. It also supports a secure, one-click unlocking function to drastically boost workflow efficiency. Once successfully unlocked, the key can be programmed to the vehicle.

● Hyundai / Kia 8A Smart Key One-Click PIN Code Reading

Supports one-click reading of key programming PIN codes. This function quickly extracts the part number and the corresponding vehicle programming PIN code directly from the key with a single click, eliminating the need for paid inquiries via third-party platforms.

5 Warranty and After-Sales Service

The HK002 comes with a one-year warranty, effective from the date of purchase as shown on the receipt or transaction certificate. If no proof of purchase is available, the manufacturer's factory delivery date will be used as the warranty start date.

Warranty Exclusions

The free warranty does not cover:

- Failure caused by improper use or not following the operating instructions;
- Damage from unauthorized repair or modification;
- Failure due to dropping, collision, or use of incorrect voltage;
- Damage caused by force majeure (natural disasters, etc.);
- Damage from long-term use in harsh environments or in vehicles and ships;
- Cosmetic damage (dirt, wear, or discoloration of the outer casing).
